1. Purpose of This Guide

Thank you for agreeing to participate in the National Killam Program peer review process. This guide provides information for National Killam Program Peer Reviewers using the [National Killam Program · Portal](#).

Process Overview

- 1.1 Set up your account and complete your reviewer profile.
- 1.2 View summaries of the files you have been invited to review.
- 1.3 Complete your Conflict of Interest declaration.
- 1.4 Accept the file for review, view submitted documents, and download the evaluation report and scoring rubric.

We kindly request that you upload your completed evaluation report within **3 weeks** of accepting the review. Please note that applicants will not see the full review documents, but anonymous overall summaries may be provided as feedback.

If you need help logging into the portal or creating an account, please refer to the [Killam portal user guide](#).

To request this content in a different format, please contact the National Killam Program Office at KillamProgram-ProgrammeKillam@nrc-cnrc.gc.ca

Thank you for participating in the National Killam Program peer review process.

2. About the National Killam Program

Vision

Dorothy Killam cared about the future. She had a vision of “building Canada’s future through advanced study”. Through her Will, Dorothy Killam established a perpetual trust to realize that vision. The trust funds generations of scholars in Canada with the goal to increase research attainments and promote sympathetic understanding between Canadians and the peoples of other countries. The National Killam Program endeavors to uphold the vision of Dorothy Killam, strengthen the research ecosystem broadly, and improve the lives of Canadians through research advancements.

Mission

The mission of the National Killam Program is to support novel and diverse research fields, and to ensure that Killam Prize Laureates and Dorothy Killam Fellows are reflective of Canada’s diversity.

Attributes

Fellows and Laureates conduct research that is superior, ground-breaking, and stands to positively improve the lives of Canadians, but they are not one-sided people. They are leading researchers who demonstrate a special distinction of intellect and contribute to the advancement of learning, and reflect Killam attributes.

Inclusive Collaborator - whose work exemplifies inclusion and understanding of people, cultures and needs with participation among all economic, social and cultural backgrounds.

Barrier Breaker - whose original, transformational, future-focused generation of knowledge and technology stands to change the way we live.

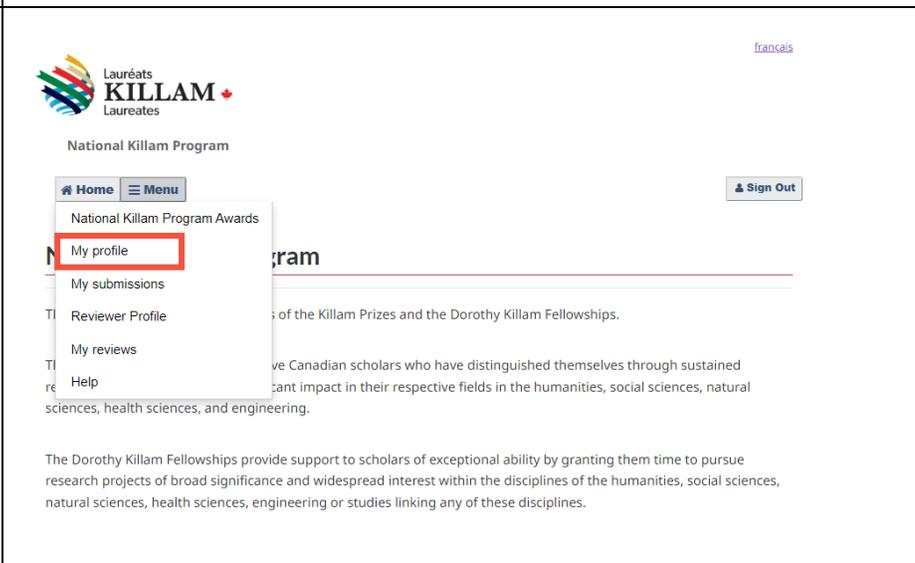

Research Leader - who activates thoughtful cooperation among scholars, disciplines, and institutions.

3. Equity, Diversity, and Inclusion Statement

Inclusive excellence affirms that excellence is not attainable without inclusion. It recognizes the relationship between diversity and quality of research, and upholds equitable participation in Canada’s research mission. In order to achieve research excellence, we must address systemic barriers that limit the full participation of Canadian talent. The National Killam Program’s Equity, Diversity and Inclusion Action Plan (EDI Action Plan) outlines our commitment to taking specific actions to achieve equitable and inclusive access to programming.

4. Completing reviewer profile

You may wish to save a copy of this guide, which is available without creating an account on the portal, as a reference. If you are experiencing issues logging into your account, please see the [Killam portal user guide](#).

Completing reviewer profile	
<p>Once you have logged in click on the main Menu.</p>	 <p>The screenshot shows the National Killam Program website. At the top right, there is a link for 'français'. The logo for 'Lauréats KILLAM Laureates' is on the left. Below the logo, it says 'National Killam Program'. There are two buttons: 'Home' and 'Menu'. The 'Menu' button is highlighted with a red box. To the right of the 'Menu' button is a 'Sign Out' button. Below the navigation bar, the heading 'National Killam Program' is followed by a horizontal line. The main content area contains three paragraphs of text describing the program.</p>
<p>Select My profile.</p>	 <p>The screenshot shows the same National Killam Program website. The 'Menu' button is now open, displaying a list of options: 'National Killam Program Awards', 'My profile', 'My submissions', 'Reviewer Profile', 'My reviews', and 'Help'. The 'My profile' option is highlighted with a red box. The rest of the page content remains the same as in the previous screenshot.</p>

Enter your profile information and identify your preferred language of communication with the National Killam Program.

Choose **Yes** to sign up to be a peer reviewer, and **Submit**.

Following submit, the Killam Program Office will review your request and add you to the peer review roster.

This process may take several days. When complete, you will receive an email inviting you to complete your reviewer profile using the steps that follow.

Select **Menu** and **Reviewer Profile**.

 No Yes

Peer reviewers are leading researchers whose area of study aligns with one or more submissions to the National Killam Program. Reviewers may not play any role in any Dorothy Killam Prize application or Killam Prize nomination in a year in which they are assigned submissions to review. Peer reviewer status and reviews are manually assigned by the National Killam Program Office.

[Reviewer profile: self-identification](#) ✓

[Reviewer profile: confidentiality and conflict of interest declaration](#) ✓

The collection of voluntary self-identification data is a central piece of the Killam Trusts' commitment to equity, diversity and inclusion (EDI). This data provides information on the diversity of the population applying for and receiving funds and participating in peer review. This information increases the Trusts' capacity to monitor their progress on increasing EDI in their programs, to recognize and remove barriers, and to design new measures to achieve greater EDI.

All questions are optional. Please click on **Validate and save** when you have completed those parts of the form you wish to complete.

What is your date of birth? (Leave blank if you prefer not to answer)

Confidentiality

Any documentation provided to **peer reviewers** must be used only for the purpose for which it was originally collected and it must not be used for any other purpose or discussed with or disclosed to NKPO staff.

Peer reviewers must ensure that National Killam Program documents in their possession are stored in a secure manner to prevent unauthorized access. They must be transmitted using secure techniques and when they are no longer required they must be returned in a secure manner, e.g., by deleting electronic data files, or by shredding or burning paper or arranging for its return to the NKPO. Peer review reports are confidential.

I have read the above instructions on confidentiality with respect to the peer review process and the requirement for secure management of National Killam Program documents and information that come into my care. I agree to take personal responsibility for complying with the confidentiality requirements.

To review a Dorothy Killam Fellowship Application, review the **Applicant information, Application Research categories, Research Abstract** and the conflict of interest declaration in relation to your review of this file.

This includes checking if there is an institutional conflict.

Applicant information

Applicant information

[Application: Research categories](#)

[Reviewer acceptance](#)

Below is information about the applicant assigned for your review. Please review use this information to determine whether you have a conflict of interest that precludes your review of this file.

Definition of Interests

Conflict of interest is defined as a situation in which a person is in a position to derive personal benefit from actions or decisions made in their official capacity (i.e. in their capacity as a Peer Reviewer).

- A **real** conflict of interest denotes a conflict that exists at the present time.
- A **potential** conflict of interest is a conflict that could reasonably be foreseen to occur in the future.
- An **apparent** conflict of interest is a conflict that could be perceived by a reasonable observer to exist, whether or not it is the case.

Assessing Conflict of Interest

When assessing conflict of interest, please consider the following factors:

- whether you have a particular interest in an external entity or activity which may subject you to demands that are incompatible with your role as **peer reviewer**; and may impair, or be seen as impairing, your ability to perform your duties in an objective and impartial manner;
- whether your private interests, associations and commitments could result in you, or be perceived as resulting in you:
 - taking advantage of, or benefiting from the position you hold or the information that you obtained in the course of your role as **peer reviewer** and that is not generally available to the public,
 - assisting private entities or individuals in their dealings with the National Killam Program where this would result in preferential treatment of the entities or persons, or interfering in the dealings between the two as to inappropriately influence the outcome.

If you are unable to review due to a conflict of interest, please answer **will not review** on the Reviewer acceptance page.

If you would like more guidance on assessing conflict of interest, please contact the [National Killam Program](#).
